Germans Charged With Selling Arms To Russian Hordes

RANSOM SECURES LIBERTY OF MEN HELD PRISONERS

Holy War Declared Against Poland Is Report In Warsaw

(ASSOCIATED PRESS TELEGRAM)
Warsaw, Saturday, Jan. 19.—Poles who have stayed their advance at the Polish frontier. Polish leaders allege that Germans are selling arms to the Bolsheviks and under the pretense of aiding the "society for provisioning Ukraine." In Lithuania and Ukraine, the Bolsheviks are issuing proclamations that they have come to restore order.

Dispatches state, however, that Bolshevik soldiers have been carrying banners inscribed with the words, "Long Live the Red Terror" and "Death to Non-Workers." Men have been arrested at Vilna and other places and have been released later, it is said, on payment of sums ranging from fifty to fifty thousand rubles, the size of the ransom being in proportion to the terror of the victim and his power in politics. The Bolsheviks are especially bitter against the Poles, it being reported that where houses are spared the inmates are slain.

Miss Shebeko, a sister of a member of the imperial court, succeeded in escaping from Mohilev and has reached Warsaw. Two brothers living in Serdovsk, were tortured to death and their wives and little children were mutilated, according to her story.

The officer of the Polish legion who went to visit Serdovsk is alleged to have been murdered because he wore epaulettes, which are forbidden by the Bolsheviks.

Miss Shebeko says that this murder aroused the indignation of certain Jewish members of the local Soviet. She says the sentence was finally approved when it was learned that the officers knew how to read and write. One of the speakers at the hearing was reported to have declared:

"There will be perfect equity in the world only when nobody knows how to read and write."

Miss Shebeko says that many well-bred women in Russia have committed suicide through fear of outrage. Many of those escaping from the country are disguised in old clothes and hide the marks of refinement on their hands and face with dirt.

RUSS. SITUATION MAY BE CLEARED BY STATEMENT

Supreme Council Reassembled With Only One Absentee

PRESIDENT WILSON AND SECRETARY LANSING PRESENT

All of 25 Members of Council Do Not Take Part in Discussions

(ASSOCIATED PRESS TELEGRAM)
Paris, Jan. 20.—The situation in Russia was taken up by the supreme council of the peace conference at its session today. Joseph Noulens, the French ambassador to Russia, was present at the meeting and addressed it on the Russian question.

This announcement was made in the official statement given out regarding the proceedings of the plenipotentiaries.

The next meeting of the council will be held tomorrow at 10:30 o'clock. The list of the official communiqué is as follows:

"The President of the United States of America and the prime ministers and foreign ministers of the allied governments assisted by Baron Makino and the Japanese ambassador in Paris met at the Quai d'Orsay this morning between 10:30 and 12 o'clock.

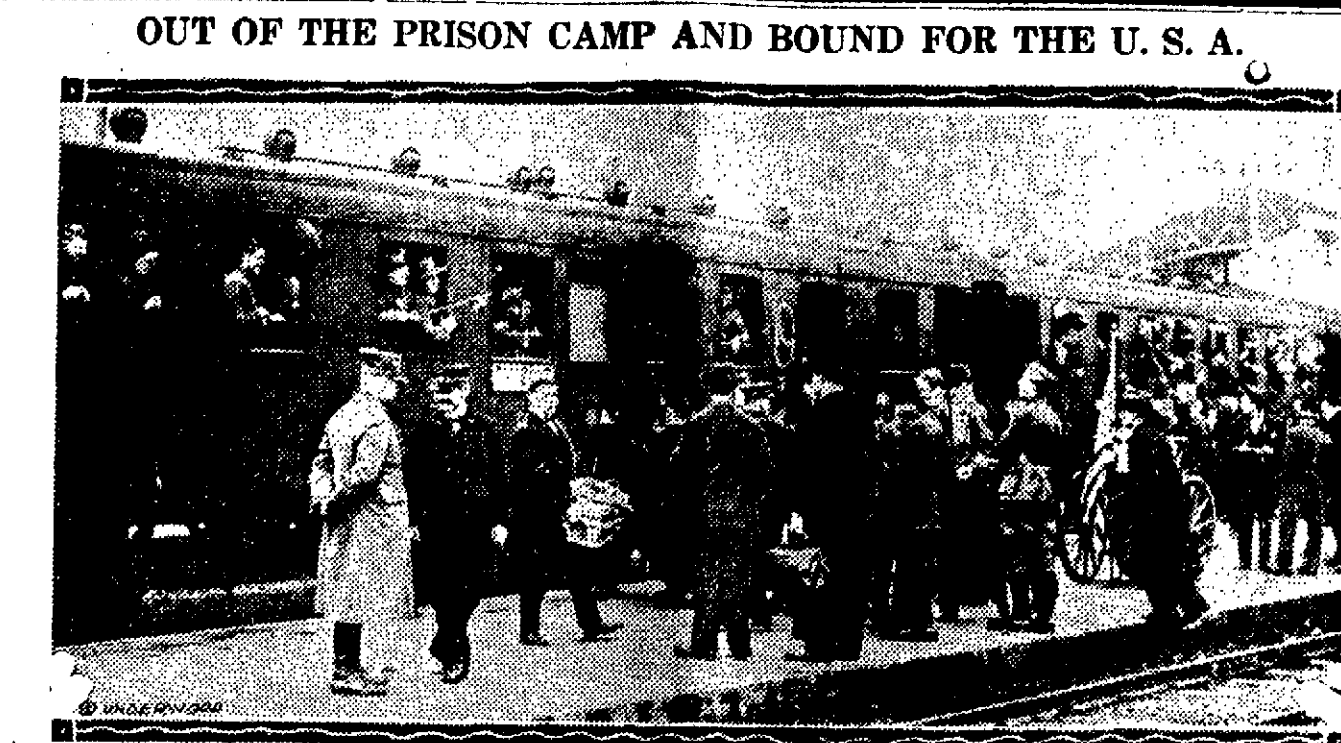

"M. Noulens, the French ambassador to Russia, who returned a few days ago from Archangel, addressed the meeting and gave particulars of the situation in Russia.

"The next meeting will take place on Tuesday at 10:30 o'clock in the morning to hear the remarks of M. Scavini, the Danish minister in Petrograd, who left the Russian capital very recently."

(ASSOCIATED PRESS TELEGRAM)
Paris, Jan. 20.—With Vittorio Orlando, the Italian premier, the only absentee, the supreme council of the peace conference reassembled at 10:30 o'clock this morning. Premier Orlando arrived here from Rome, however, and was expected to attend the council's session later in the day.

Arthur J. Balfour, the British secretary, was accompanied to the meeting by Lord Robert Cecil, who has especially in charge the subject of Great Britain. Baron Makino, chief of the Japanese mission attended the council for the first time, representing Japan together with Baron Matsui, the ambassador to France.

Lord Robert Cecil remained at the foreign office where the meeting was held, for only a few moments and did not enter the council chamber where the session today was an executive one. It is understood that an official communiqué will be issued at the close of the meeting at which it was expected that the exchange of information between the governments of the situation in Russia, forecast in one of last week's communiqués would take place. The council as it met today comprised ten members—two from each of the five great powers—President Wilson and Secretary Lansing representing the United States. The three additional members from each power did not attend, as full meetings of the membership of 25 are assembled only when subjects of essential importance are under consideration by the council.

American prisoners of war arriving at Berne, Switzerland, on way home.

Telling tales of cruelty and barbarism that would be unbelievable did not their condition bear out the stories, American soldiers are being released from German prison camps and hurried to base hospitals or to their homes in the U. S. The photo, just received from Switzerland, shows one group of American prisoners of war released from German camps under the armistice terms, arriving at Berne en route for France. Their joy is apparent.

U. S. COMMANDERS GET D. S. MEDALS

Citations For 27 Officers Made Public By War Department—Civilians Are Honored.

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 20.—Practically all army corps and division commanders of the American expeditionary forces, together with the heads of the staff departments have now been awarded distinguished medals by General Pershing for conspicuous service. The war department today made public citations of 27 officers in addition to the list of 24 given out yesterday.

Among the officers decorated were Major General John F. O'Ryan, commanding the 27th (New York National Guard) division, the only guard division commander to retain his command throughout the war, and Major General John A. Lejeune, of the Marine Corps, commanding the second division of Marines. Major General E. M. Lewis, commanding the 30th (Wildcat) division, also was decorated. This division and the 27th served with the British army and helped to smash the famous Hindenburg line.

The officers on today's list, Major General Ireland, surgeon general of the army and Major General Clarence C. Williams, chief of ordnance, were formally decorated Saturday by Secretary Baker under these citations. The other major generals receiving the distinguished service medals were Andrew Brewster, inspector general; Harry L. Rogers, quartermaster general; William C. Langfitt, director of light roads and chief engineer; E. F. Mason, M. J. Patullo, director of education and forestry and later chief of air service; E. F. Clachlin, chief of artillery, first army and later commander of the first division; Anson E. Ely, brigade and division commander; Edward Williamson, brigade and division commander; Charles G. Morton, 29th division; E. M. Lewis, 37th division; William Lassiter, chief of artillery, second army and subsequently commander of the 32nd division; James H. McHugh, 75th division; George E. Juneau, 77th and 82nd divisions; William Weigel, brigade commander, 28th division and William H. Johnson, 91st division.

The brigadier generals named are: Stanton Holznerman, chief of staff, Fourth army corps and second army; Malin Craig, chief of staff of the First army corps; Robert C. Davis, adjutant general; A. E. F. Walter, A. Bethel, judge advocate general; A. E. Edgar, chief signal officer; E. F. Charles G. Davis, general purchasing agent and William W. Atterbury, director general of transportation.

The colonels named are: Walter D. McCaw, medical department and Alfred B. Bradley, chief surgeon; A. E. F.

ONLY 15,000 MEN NOW IN OHIO CAMP

(ASSOCIATED PRESS TELEGRAM)
Camp Sherman, Chillicothe, Jan. 20.—That the population of Camp Sherman has fallen 3500 since the first of January was shown in a report filed at the office of the camp adjutant yesterday morning. The report showed that there were 668 officers and 14,630 men here, and also stated that on the first of the year there were 862 officers and 17,966 men in camp.

Eight hundred and thirteen men were discharged from service today. The majority of the men were from the 40th regiment, the remainder being chosen from the depot brigade.

EIGHT DIE IN TENEMENT FIRE

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Jan. 20.—Eight are dead as the result of a fire last night in the Italian quarter. Father and mother and two small children were burned to death by a fire which started in the kitchen of a house occupied by two families, all of whom were asleep at the time.

Two children of another family were also burned and one died today of their injuries.

O. E. MEN HERE GET WAGE BOOST

All Employees Given Increase of Five to Ten Cents By War Labor Board.

The employees of the Ohio Electric Railway company in this city were benefited by the ruling of the war board on Saturday, relative to the increase in wages of the railway employees.

Under the new ruling the men on the city lines for the first three months of employment will get 38 cents an hour; for the next nine months they will receive 40 cents, and thereafter 42 cents an hour. Previous to this the men for the first three months received 35 cents and after that 37 cents, an increase from 9 to 10 cents an hour.

On the interurban lines the first three months the pay will be 41 cents an hour; the next nine months, 43 cents, and thereafter 45 cents. Under the former wage scale men were paid 35 cents the first year and then received 40 cents an hour, making an increase of 5 to 6 cents an hour.

Miscellaneous employees will receive 42 cents an hour for 10 hours work, and the women employees will be paid 35 cents an hour. This wage scale is on the same basis. This wage scale is to be effective from October 21, and the railway company has to May 1 to make back payments.

HUNS TO HAVE REAL PRESIDENT

Outline of Proposed Constitution Provides For Seven Years Term For Executive.

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 20.—Details of the proposed new constitution for Germany drawn up recently at a conference of widely known authorities on constitutional law including Hugo Preuss, state secretary of the interior in the Ebert government are given in an official wireless dispatch sent out from Berlin and picked up here. It states that the empire is to consist of its former component states; besides any territories which by virtue of the right of self-determination desire to be received into the empire.

The dispatch declares that the people have the right regardless of former frontiers to erect new German free states within the empire providing any such free state has a population of 2,000,000. If the people of a border country wish to join the German empire the assent of the German people shall be required.

The imperial president, who is to be elected by the people, must be 35 years of age and must have been a citizen of Germany for 10 years before his election. He will be elected by an absolute majority of all the votes of the empire. The president will represent the empire but declarations of war or conclusions of peace rest with the Reichstag. Treaties with foreign states require the assent of the Reichstag. As soon as a league of nations, the object of which is the exclusion of secret treaties has been formed, all treaties with the Reichstag shall require the assent of the Reichstag.

The imperial president's tenure of office will be for seven years and his re-election will be permissible. The imperial government will be composed of a chancellor and minister who will be chosen by the president of the Reichstag. The government must have the confidence of the house of deputies and shall be responsible to the Reichstag.

INDUSTRIAL FUND SUBSCRIBERS TO MEET

The meeting of the subscribers to the industrial fund will be held this evening in the Masonic Temple. At this time, the formal organization will be presented, and the by-laws will be presented for adoption.

It is also planned to have the election of officers take place this evening.

Rioting Occurs In Berlin During Night London Report Says

STREETS BURIED UNDER ELECTION HANDBILLS

Spectacle Is Wholly a New One For the German People

(ASSOCIATED PRESS TELEGRAM)
Dinslaken, Rhenish Prussia, Sunday, Jan. 19.—Demonstrants from the Lohberg coal mines today forced an entrance into the polling booths here and seized the ballot boxes and the registers of electors.

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 20.—Rioting occurred in Berlin during last night after the Spartacists had attempted to destroy the ballot boxes used in Sunday's election, according to an Exchange Telegraph dispatch from Copenhagen.

Berlin, Sunday, Jan. 19.—The streets of Berlin today were virtually buried under a deluge of election handbills, while the fronts of houses and available windows were plastered with huge posters hung up by campaign workers during the morning. The handbills were of various sizes and shapes, and the posters were of various colors and designs. The streets were so covered with handbills that it was difficult to see the ground. MANY BILLS ARE EXPECTED WHEN ASSEMBLY MEETS

Will Resume Sessions at 5 O'Clock Tonight At Capitol

EXPECT COURT DECISION ON TAXATION AMENDMENT

Body Is Expected to Continue in Session 'Til Business Is Done

(ASSOCIATED PRESS TELEGRAM)
Columbus, Jan. 20.—Another large batch of bills is expected to be introduced when the legislature meets at 5 o'clock this evening. Bills introduced last week have been printed and now are ready for consideration by the committees, some of which probably will hold their first sessions tonight.

The state supreme court is expected to hand down its decision in the classification taxation amendment case early Tuesday morning and when this is received, the special joint bi-partisan taxation committee will be ready to proceed with the consideration of taxation questions and the drafting of bills to meet requirements, both of changes of taxation methods, should the classification amendment be held valid, and added revenues for the state, counties, cities and school districts.

With committees already at work and plenty of bills before them for consideration, it is expected that the legislature will get down to real business this week and continue in almost uninterrupted session until final adjournment.

Organization of the senate and house committees on temperance to consider the state-wide prohibition measures before the Ohio general assembly was expected to be completed late today, preliminary to public hearings on the enforcement measures.

Senator Miller of Dresden, and Representative Crabbe of London, Madison county, are chairmen of the senate and house temperance committees, respectively. They are expected to organize the committees tonight and to announce public hearings to be held in the hall of the house of representatives, probably one evening this week.

The joint committee on taxation of the two houses is also to meet for organization purposes tonight. An early decision is expected on the senate court on the classification tax amendment.

Senator Holden of Warren county, said he was prepared to introduce his resolution proposing a memorial to congress asking that the initiative referendum be applied to all proposals of congress for ratification by the states.

New York, Jan. 20.—The United States cruiser Pueblo, arrived today from Brest with 245 passengers. Among the units were casual Companies No. 412 (Ohio), two officers and 154 men, and No. 436 (Ohio), two officers and 149 men.

SETS NEW RECORD FOR MONOPLANE HEIGHT

(ASSOCIATED PRESS TELEGRAM)
Dayton, Jan. 20.—What is believed to be the highest altitude ever reached by a monoplane carrying three passengers was made by Major R. W. Schroeder at the McCook field here when a ship of the Leaning type mounted to a height of 21,000 feet. The plane was designed by Grover C. Loening and it is a light machine carrying three passengers at 100 miles an hour. Major Schroeder until recently held the altitude record for height for a pilot alone, when he went up from the Wilbur Wright field here to a height of 28,900 feet and landed with fingers frozen near Canton, O.

MAY ESTABLISH U. S. EMBASSY IN GERMANY

(ASSOCIATED PRESS TELEGRAM)
Paris, Jan. 20.—The project of establishing an unofficial American embassy in Germany is under consideration by the American delegation to the peace conference. The proposed mission would of course have no relations with the German government, but would be accredited to any German government. Its functions would be confined to gathering direct and reliable information on conditions and events in Berlin and the provinces without which, it is pointed out, any satisfactory discussion of German problems is difficult.

388-K GEM FOUND IN DIAMOND MINE

(ASSOCIATED PRESS TELEGRAM)
London, Sunday, Jan. 19.—A soft blue-white diamond weighing 388.14 carats has been found at the Jagersfontein mine Orange River Colony. This discovery is believed to be one of the diamond fields' historic gems.

NEW HUNGARIAN CABINET

(ASSOCIATED PRESS TELEGRAM)
Amsterdam, Jan. 20.—The new Hungarian cabinet of Thoms Berinkey, according to a dispatch from Budapest, enjoys the confidence of the socialists and bourgeois parties. The new cabinet, it is said, includes four socialists, including M. Kanfi as minister of public instruction.

SPIRITUALIST LOCATES MISSING MAN'S BODY

Columbus, Jan. 20.—Through guidance of a Spiritualist minister the body of Philip Smith, 34 years old, who disappeared Columbus, was recovered yesterday in the Scioto river and the absence of valuable leads relatives and police to believe he might have been the victim of foul play.

Attending a Spiritualist church service, Mrs. N. Warren Detrick, sister of the missing man, asked: "When will we find our brother?" That was a week ago yesterday.

In his vision he saw a "screen of water" and a "land in a creek." He told his followers of his finding and instructed Mrs. Detrick to make another search.

Mrs. Detrick's husband and two neighbors yesterday obtained a police boat and in less than 10 minutes and after the grappling hooks had been sent to the bottom for the first time, Smith's body was brought to surface.

WANT HUN ASSEMBLY CONVENED IN BERLIN

(ASSOCIATED PRESS TELEGRAM)
Berlin, Sunday, Jan. 19.—The municipal government of Greater Berlin has protested to the Ebert cabinet against the proposal to convene the national assembly elsewhere than in Berlin.

According to the Tagesspiegel the cabinet has not decided on the matter. The assembly will meet, notwithstanding recent statements attributed to the government leaders. Opposition to Berlin as the seat of the assembly is said to emanate chiefly from such German sources, which in view of recent occurrences at the capital, are fearful of the fate of the new republic if the assembly meets here.

AIR PILOT MAKES LONDON TO PARIS TRIP

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 19, via Montreal.—Lieutenant O. E. Edwards, a British pilot made the first official flight from London to Paris in a British machine last Wednesday. He started from London in a two-seater and arrived at a short distance from Versailles in one hour and forty minutes. The weather was unfavorable, he carried urgent dispatches for the peace congress. The return journey was made Friday and completed in two hours.

(ASSOCIATED PRESS TELEGRAM)
Salonica, Friday, Jan. 17.—Nichola P. Pachitch, the Serbian premier has resigned. Prince Regent Alexander has asked Stojan Prochich, the finance minister, to form a cabinet. The Serbian cabinet is to form a new cabinet for the Serb-Croat-Slovene kingdom.

LEAGUE OF NATIONS IS ASSUMING FORM

(ASSOCIATED PRESS TELEGRAM)
Paris, Jan. 20.—As the supreme council of the peace congress resumed sitting today, marked progress was being made in the business of comparing various plans for the formation of a league of nations and harmonizing them. A plan for a league which can be taken up a concrete position was made last night at the conference at the Muret residence which was attended by Mr. Wilson, Lord Robert Cecil, the British representative charged with working out a plan for a league of nations; Leon Bourgeois, the French proponent of a plan for such an organization and General Jan Christian Smuts, who has formulated a plan for a league.

Preliminary conversations over the structure of the league of nations are strictly speaking, still in a stage of being discussed in meetings of the supreme council and are not technically before the peace congress as a whole. The fact that the congress has adopted this position is taken to indicate that such progress is being made in the supreme council as to warrant the expectation that a definite and somewhat detailed program will soon be evolved. This program it is hoped will be presented to the congress.

The thought of the leaders of the United States, Great Britain and France and therefore may furnish a starting point from which all the peace delegates may participate in the work.

Mr. Wilson is personally pressing forward this one of the work of the peace congress to the virtual exclusion of all others.

With a definite plan formed for creating a structure upon which all nations can agree, there are about 25 preliminary days remaining of the time that President Wilson has allotted for his mission. He is expected to leave for home, the question being asked as whether he can in this comparatively short time bring the nations together in an agreement for a society of nations. Many of the President's closest advisers are personally convinced he can do so. They base their opinion on what appears to be spontaneous developments on experience including adherence to the league plan by Great Britain, France and Italy and on assumption that the new treaty will be signed in principle and indeed as to some details, the rest.

PALESTINE TRADE IS RESTORED BY ORDER

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 20.—Palestine, with trade routes reaching out by rail and caravan across Persia, was thrown open again to American export and import under an order today by the war trade board. This territory includes Damascus, a terminal point for overland caravans bringing in furs and rugs and other articles of American imports and luxuries. Furs, dates and telegrams from the Levant are among the most generally known articles of commerce made available by the order.

At the same time restrictions on Egyptian cotton also have been removed. It is announced that it is no longer a requirement that the bill of lading be endorsed by the Textile alliance incorporated.

ITALIAN STEAMER IS TOWED INTO HARBOR

(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 20.—The Italian steamship Ansaldo II, which on January 12 sent out a wireless call for assistance, stranding in the Adriatic, was towed into the harbor of Philadelphia under way by government tug. The vessel left Philadelphia December 21 for Genoa. A report regarding the Ansaldo II was brought here today by the anchor line steamship Calabaria from Genoa. The Calabaria picked up the Italian ship's wireless call and went to her aid and took her in tow. When about the day and early evening of January 17, the Calabaria towed the Ansaldo II toward the American coast. A report from the disabled craft reported the Calabaria's captain to the lines, as government tug was on the way and would arrive soon.

AUDITOR'S GRANDSON DROWNS IN CISTERN

Auditor and Mrs. Fred S. Wilson and their daughter Miss Dorothy left for Connersville, Ind., last Friday evening, having been called there by the death of Mr. and Mrs. Wilson's grandson, William, aged two years and seven months, son of Mr. and Mrs. S. R. Wilson, who met his death by accidental drowning in a cistern in the yard. The lid of the cistern was not securely fastened and the boy in running over it tilted the cover to one side and he plunged head first into the water. His mother was in the front yard and heard his scream and ran to the cistern and with the assistance of neighbors brought the baby from the bottom and although physicians and others worked for over an hour, could not revive the child. The funeral was held yesterday afternoon and was private. Mr. Wilson and daughter returned to Newark this morning, but Mrs. Wilson will remain with her son and daughter-in-law for an extended visit.

Bee Farming Has Future.

It is a fascinating business, that of bee farming, and a business which notwithstanding the fact that it dates back to prehistoric times, is even yet an infant industry. Which is to say, it is not one-fourth developed to the potential limit. There is an immense amount of honey wasted every year because there are not enough bees to gather it.

Care of Steel.

Steel knives and other steel articles which are not in general use may be kept from rusting if they are dipped in a strong solution of soda, one part water to four of soda, then wiped dry with flannel and kept in a dry place.

Read the Advocate Wants Today.

The thirty-eight states which have ratified the prohibition amendment to the constitution, thereby making the entire nation dry, are shown white in above map. States which have not ratified amendment are shaded.

Prohibition has now become a part of the constitution. More than the necessary thirty-six states needed have ratified the eighteenth amendment. Under the amendment, "after one year from the ratification of this article the manufacture, sale or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes, are hereby prohibited." The amendment was ratified January 16, when the Nebraska legislature voted for it, making the thirty-sixth state, the

three-fourths vote necessary. Similar action in Missouri and Wyoming immediately following clinched the ratification. The nation, however, will be dry before the year is up unless President Wilson rescinds the war prohibition measure which goes into effect July 1, making the nation dry on that date.

RUSS SITUATION

(Continued From Page 1)

maunder of the work, whose presenting some perplexities, does not offer hopeless obstacles in a spirit of accommodation and even sacrifice, which virtually all leaders have declared in their public addresses as being quite necessary to a satisfactory result.

With discussions now past the point where it seems to be agreed there shall be no super-sovereignty, nor a common police force and that the question of whether a nation shall contribute force in carrying out decisions of the league will be left to each nation individually in each instance, the general plan being most talked about embodies an enlargement of the principles contained in the treaties negotiated by William Hughes in 1918. These provide for a ceiling of a year before declaring war and investigations by a special commission of all disputes and that no declaration of war shall be made thereafter without giving certain notice. Such a plan, current discussion in Paris tonight, is a step toward establishing a concert of power among the principal nations for a preservation of world peace. This would be extended to what would be virtually a guardianship of the smaller nations, applying

to them the principles which govern participation in the league by their greater sisters. By this plan it is apparently purposed to internationalize the guardianship of smaller nations, with the idea that there shall be no domination over them by one nation economically or financially. It is proposed to state at this juncture that President Wilson himself has a reasonably complete plan for the formation of the league of nations. It may also be stated that he highly regards many features of the plan presented by General Smuts and is working in close harmony with M. Bourgeois and Lord Robert Cecil.

Aside from the attention being paid to the Russian situation, the society of nations question is now in an advantageous position and steady development may be expected.

CO-OPERATION BASIS OF PERMANENT PEACE

London, Sunday, Jan. 19.—(British Wireless Service)—If the league of nations is to be a success, it must be positive as well as negative, according to a pamphlet issued by Major Waldorf Astor, parliamentary secretary of the ministry of food today. Co-operation between the nations, Major

Astor says, will be of vital importance in the period of reconstruction, during which all belligerent nations, with the possible exception of the United States must expect an economic crisis.

"Cooperation between nations before the war was an exception," the pamphlet said. "It has proved to be the cause of the allied victory and must be the basis of a permanent peace. The league of nations will not last long if its functions are exerted solely through courts or tribunals for the settlement of disputes after they have arisen. We must make the utmost use of every means of uniting nations for achieving common purposes and repelling common dangers."

"Responsibility for repelling the ravages of war must fall upon the league of nations. Internal labor problems confront the league. Even before the war interest were internationalized their interests were internationalized. It will be of fundamental importance that in restarting industry the standard of living in civilized countries shall not be rendered unstable by competition of sweated and underpaid labor. It probably will be necessary to secure the international agreements guaranteed by the league of nations."

Important! To Patrons of Newark Theatres

Now, AFTER THE WAR IS OVER, it is proposed, in legislation under consideration in Washington, to double the War Tax on admissions to theatres, making the tax collected from the public 20% instead of the present rate of 10%.

REMEMBER — IT IS YOU WHO WILL PAY THIS TAX—NOT THE THEATRE.

If this act should become a law, it will mean that they who cannot afford to pay the increase will be deprived of amusement, and, in the course of time the theatres, which are the nation's playgrounds, will be forced to close their doors. This would mean the throwing

out of employment of thousands of people.

The theatre-going public in this country is the greatest in the world. It is proposed to tax that public—TO TAX YOU—to a point that will make theatre-going prohibitive.

DO YOU FAVOR THIS DOUBLE TAX?

If you do not, will you help to curb this legislation by signing the appended coupon and mailing it immediately, or delivering it in person, to the box office of either of the following theatres, so that your protest may be registered at Washington, with thousands of others.

To the Honorable Conference Committee of the U. S. Senate Finance Committee, and the Ways and Means Committee of the House of Representatives, Washington, D. C.:

I, a theatre patron, hereby desire to respectfully protest against the proposed legislation now being considered in your committee whereby the tax on admissions to places of amusement would be increased from 10% to 20%.

NEXT LOAN DRIVE IS LAST SAYS SECY. GLASS

Washington, Jan. 20.—Only one more big war loan drive is planned by the treasury department, Secretary Glass said yesterday. This will be the victory liberty loan, to be floated probably the last three weeks in April. The amount will not be more than \$5,000,000,000 and may be \$5,000,000,000.

"I expect the victory liberty loan to be the last intensive campaign for the sale of government bonds," said Mr. Glass. "Reports that there would be two more bond issues this year, aggregating \$12,000,000,000, are entirely without foundation, not only as to amount, but also as regards the number of campaigns."

More bonds probably will be issued by the government even after the next campaign, but it is planned to market these quietly through banks and other financial institutions.

STOPS MEDICINE--HEALTH RECOVERED BY INTERNAL BATHS

Mr. A. Czarnecki, 637 Montgomery st., San Francisco, Cal., writes Tyrrell's Hygienic Institute of New York as follows:

"I must admit that the use of the J. L. L. Cascade has cured my chronic constipation from which I suffered. Since May 12, 1913, I have never even tasted any kind of patent medicine or purgative. My health is excellent in every respect."

Over half a million bright, keen, intelligent Americans have found that internal bathing is more essential to their health than external baths.

Have found that used occasionally at night they feel like different people the next morning. No more of that nervous, tired, nervous feeling, but having by Nature's own cleanser—antiseptic warm water—removed all the poisonous waste from the lower intestine, they awake thoroughly refreshed by normal sleep, with all their functions acting properly, clear headed, happy and content, eager and capable for the duties of the day.

Why not learn more about this rapidly growing and natural practice? The "J. L. L. Cascade" is the invention of Chas. A. Tyrrell, M. D., of New York, a specialist on internal baths for 25 years, and is now being shown and explained by Hudson Avenue Pharmacy, 12, L. Williams, proprietor, 222 Hudson Avenue, corner Oak street, Newark, O., who will give you—free on request—an interesting booklet on the subject called "Why Man of Today Is Only 50% Efficient."

Motor-Driven Potato Peeler.

A machine which will peel 40 pounds of potatoes in three or four minutes was described and illustrated in Popular Mechanics Magazine, the peeling being done by a revolving drum driven by a one-third horse-power motor. The inner surface of the drum has been roughened by making numerous perforations in the metal. When filled it is lowered into a wooden container and set to running.

Youth Craft
FOR THE HAIR AND SCALP

MEANS

No more dandruff
No more itching scalp
No more falling hair

Takes two minutes to apply and won't stain pillows if used at night.

A colorless, odorless, water-like liquid containing no oils, no fats, no dyes, and only 1% alcohol.

Makes women's hair fluffy, and frequently restores prematurely gray hair to its old-time natural color.

Instead of shampooing children it is wise to use Youth Craft on their heads every two to four weeks. It will keep the scalp white and clean, invigorate the hair roots, and tends to equip the scalp for life's battles with tight hatbands and "marcell" treatments.

Every user of Youth Craft has better and healthier hair than before. It makes hair healthy, improves the scalp.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If feverish, bilious, constipated, give fruit laxative at once.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign of little stomach, liver and bowels are clogged with sour waste. When hunger pangs, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a tea-spoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting gas passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "monster" clean and sweet.

Keep it handy, mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

DON'T LET A COLD KEEP YOU AT HOME

Dr. King's New Discovery almost never fails to bring quick relief

Small doses once in awhile and that throat-clearing, lung-splitting cough soon quiets down. Another dose a hot bath before jumping into bed, a good sleep, and back to normal in the morning.

Dr. King's New Discovery is well known. For fifty years it's been relieving coughs, colds and bronchial attacks. For fifty years it has been sold by druggists everywhere. A reliable remedy that you yourself or any member of your family can take safely, 60c and \$1.20.

Train Those Stubborn Bowels

Help nature take its course, not with a violent, habit-forming purgative, but with gentle but certain and natural laxative, Dr. King's New Life Pills. Tonic in action, it stimulates the lax bowels. Sold by druggists. 25c.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to take Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that heavy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 70c and 25c a box. All druggists.

A Man and his World.

The world owes you nothing, unless by your own achievements you have made it your debtor. The man who imagines that the world owes him a living has taken the first step toward slavery; the second step is taken when he tries to collect the debt which is not due him. The greater his success in this, the greater thief he is, if he takes out of the world more than he has put into it.—Lyman Abbott.

The Sunflower.

In older times the name for the sunflower was solselce the sun-follower. The ancient sunflower, or sun-follower, was the marigold; the plants of the present day are of American origin. It sometimes attains a height of 20 feet. It was introduced into Europe in the middle of the sixteenth century.

How World is Colored.

After all, the kind of world one carries about in oneself is the important thing, and the world outside takes all its grace, color and value from that.—James Russell Lowell.

SEEMED TO COME TO THEM

Few of Our "U" Boat Chaser Skippers Had Had Previous Nautical Experience.

"Where do the officers of the submarine chasers come from?" I asked an executive officer long in the navy, writes Samuel G. Blythe in the Saturday Evening Post.

"Everywhere," he said.

"Were they sailors?"

"Not many of them; some had had experience in motor boats and yachts and were amateur navigators, but the way they have picked it up is marvelous. Let me give you an illustration. When I was organizing the first flotilla that came over I questioned the young chaps who came before me as officers for the chasers. Of the first five on one day one had been a shoe salesman, another an accountant, another a nut inspector and another an actor."

"Nut inspector?" I said. "What's that?"

"He worked on a pecan ranch down south somewhere."

"They had had some sailing experience and had taken short special courses at a training school. Now of that bunch three are in command of chasers today, four brought their ships across and the actor is a unit commander, and a mighty good one, too. That's where we got them. The navy just reached out and collected them here, there and everywhere, and they are good stuff and making sailors of themselves mighty fast."

FEW SHIPS ARE TOTAL LOSS

Vessels Sunk by Mines or Torpedoes Patched, Raised and Taken to Port for Repairs.

Any one who imagines that all the vessels sunk by enemy U-boats or mines are left at the bottom of the sea would be surprised if he could be told the whole story of ingenuity, resource and unremitting toil of the British admiralty salvage corps.

Almost as soon as a vessel is sunk salvage operations are commenced. Divers are sent down to take accurate measurements of the size of the hole made by the torpedo or mine. Small holes are plugged with wood, but large ones are patched with "standards" patches. These are made of 12-inch wooden beams, and a patch sometimes weighs as much as 20 tons.

As may be imagined, the size of the hole varies greatly. In some cases it has measured 40 feet long by 20 feet wide, and in one case it has been known to be 43 feet long by 25 feet wide.

When the vessels have been plugged and patched, their cargo removed and the water pumped out of them they proceed to the nearest port where they can be permanently repaired.

Several vessels have been torpedoed after being refloated and have again been successfully raised and taken into port.

Miracle in the Mediterranean.

In an article on the submarine warfare in the Mediterranean contributed to the November Century, Herman Whitaker tells of a lad on one of the American destroyers who had been washed overboard in a black night storm and was thought to be hopelessly lost till a voice hailed the watch from under the stern. He had caught the logline, which trails for a couple of hundred feet behind, and hauled himself along it. Another escape was still more marvelous. Washed overboard at night from one of the destroyers, this particular lad was heaved by a wave upon the deck of another vessel half a mile astern. When he was restored to his own ship at the end of the voyage, his captain thus addressed him: "Young man, you have used up all the luck you will have in all your life. The navy is no safe place for you. Take my advice; get out of it as soon as Uncle Sam will let you."

Gave Revenue Officers Tip.

Revenue officers who arrested an Atlanta man with fifteen gallons of whiskey in his motor car, found he had a letter from a Georgia farmer, saying that the writer had "some very fine pigs for sale at the low price of 57 each," and that "the sow had a litter of thirty," a remarkable thing in the animal world. On investigation, they found the sow to be a complete moonshine still and the litter to be thirty jugs of high-powered moonshine whiskey.

German Efficiency.

Workmen, engineers and superintendents in factories caught in the north of France when the German army invaded the region have gradually worked their way back to Paris as repatriation has been accomplished. They bring the information that practically nothing remains of the industrial establishments anywhere in the invaded districts.

Mules Worth More Than Horses.

The government pays more for mules than for horses for war service. The average prices paid up to June 1 were as follows: Mules, wheel, \$228; load, \$189; pack and riding, \$184. Horses, cavalry mounts, \$161; light artillery, \$158; heavy artillery, \$221; young horses, \$142.

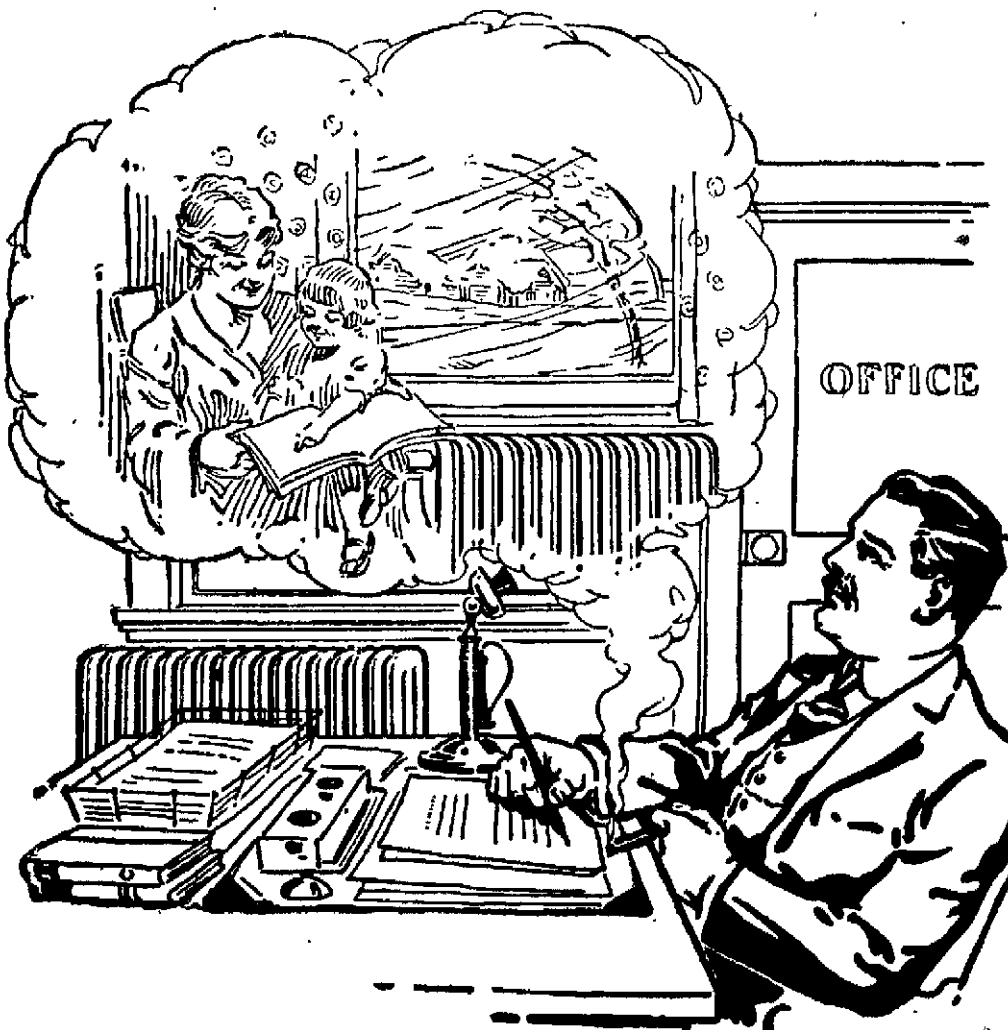

Significant Hint.

"Bill says you insulted him when he started to tell you of the number of enemies he had killed and captured at the front single handed."

"I never said a single word, but listened in silence. All I did was to put on my gas mask."

The low cost of IDEAL Heating

"Yes, sir, I used to feel cheap in my own home whenever callers kept on their wraps, and I realized my house was chilly and drafty as a barn. When the cold winds came, there was "spotty" heating in the rooms on the protected side of the house, and on the wind-swept side of the house there was utter discomfort." . . . "So I threw out the old-time heating and put in IDEAL-AMERICAN Heating, like I have proved at my factory and office is genial, reliable, cleanly, and gives utmost coal-economy."

"This protective heating in the home as well as in the office is my best investment."

AMERICAN & IDEAL RADIATORS & BOILERS

We stopped pushing the sale of IDEAL Boilers and AMERICAN Radiators because iron was so greatly needed for munitions, but with the ending of the war there is a popular demand to find construction work for the returning heroes. Hence we have made a 25% price reduction to stimulate building, and the changing of old heating devices which have been so wasteful of coal.

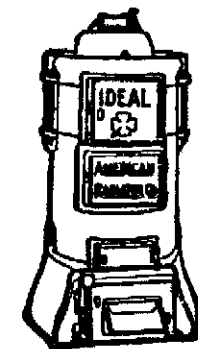

The ARCO WAND Vacuum Cleaner is cellar-set and piped from any floor to floor. Put in any new or old home without tearing up. Now also made in two-sweeper size for apartments, hotels, office buildings, etc. Fully guaranteed. Lasts for years. Sold on Easy Payment. Send for catalog.

Today's ideal bargain in heating

IDEAL Boilers and AMERICAN Radiators free you from the ancient pests of hoddling, fire-poking, ash-sifting, coal-gas breathing, blackening, annual storing, repair bills, fire-risk, etc. In all the world they have no equal—hence their use in over a million stores, schools, churches, offices, public buildings, farm and city homes, old or new, at home and abroad. Money put into these outfits is an investment—not an expense. Accept no substitute! No higher than asked for ordinary makes. Fully guaranteed.

To secure 5700 winter hours yearly of IDEAL Heating comfort and economy, and to take advantage of price reduction, ask for book (free) "IDEAL Heating." Phone your local dealer today for estimate. Put in quickly without tearing up or disturbing present heater until ready to start fire in the IDEAL Boiler.

IDEAL Boilers have large fuel pots in which the air and coal gases thoroughly mix so as to burn with a modern gas or oil mantle or burner, thus extracting every bit of the heat from the fuel. Easier to run than a stove.

The Way Out.

If a man or a machine is unable to accomplish a task, it should be turned over to a woman and a hairpin.—London Answers.

The sweetness of Grape-Nuts comes from the grain; no sugar is used in the making nor refined in the eating.

Tonight is the big night in Newark

Tonight—For two and a half hours you can be carried away from your work-a-day world into the land of romance and flowers, where lovers plight their troth beneath a white moon.

Tonight—You can enjoy the work of the man who touches the nerves of the nation and plays upon the heart-strings of humanity as a great musician produces exquisite harmonies.

Tonight—You can be delighted by one of the sweetest and most beautiful romances ever unfolded either in literature or on the stage, rivaling Shakespeare's immortal "Romeo and Juliet."

Tonight—You can laugh through your tears at the antics of the Little Disturber and the insistent courtship of Monsieur Chicken, for they possess the comedy of humanity.

Tonight—You can witness the greatest historical document of all time, and all with sweeping power before a Jack Omond of the most gigantic conflict the world has ever known.

Tonight—You can see the very ground where the American Doughboy helped so mightily to win the greatest Victory of all time, and you can be in the very village where the Armistice was signed.

Tonight—You can be guided by David Wark Griffith, supreme dramatic genius of the age, over the roads traveled by President Wilson on his historic visit to France, roads that have been crimson with the blood of battle.

Tonight—You can have the experience of holding tight to your seat as you become a part of the terrific climaxes that have held audiences spellbound in the largest cities in the world.

Tonight—At the Auditorium you can have the opportunity to enjoy the most remarkable production of the age, surpassing even "The Birth of a Nation."

Tonight—D. W. Griffith's masterful production, "Hearts of the World," will be given an engagement of three nights and two matinees at the Auditorium. Afternoon performances, Tuesday and Wednesday at 2 p. m. will be given. Tonight "Hearts of the World" will begin promptly at 8 o'clock.

"HEARTS OF THE WORLD" IS MORE THAN A PICTURE-PLAY: IT IS A WORLD DRAMA. IT GOES STRAIGHT TO THE HEART. IT IS THIS HUMAN QUALITY THAT MAKES "HEARTS OF THE WORLD" AS BIG AS MANKIND.—Charles Darnton, Dramatic Critic, N. Y. Evening World.

Three ordinary drunks and two pugilistic minded citizens were haled before Mayor Atterton today in police court and each were fined \$5 and the costs and those not financially able to pay date were sent back to the city prison to remain as the guests of Turnkey Johnny Abbott.

Offices Redecorated.
Mayor Atterton's offices and court room are being nicely repaired and redecorated by the place brothers, and present a very pleasing appearance. The main office is finished in buff and white and the courtroom also in a light color scheme.

TWO ZEES IN SAILOR BOYS' SAXAPHONE JAZZ STAND FOR ZEST, ZIP, AND MORE!

Jazz Exponents Extraordinary is the way vaudeville would describe the four saxophone players comprising the famous Saxophone Quartet of the U. S. Navy Reserve Band, which will give a popular concert here shortly.

What the noted Brown Brothers'

saxophone sextet is to vaudeville and musical comedy, these four sailors, masters all of jazz, are to the navy. They produce a brand of syncopation that would tickle the toes of even a wooden Indian. The central west is pretty well represented in the makeup of the quartet, its members being W. J. Russo, of Chicago; D. A. Pool, of Redfield, S. D.; J. G.

Krull, of Defiance, O., and H. A. McDonald, of Meridian, Iowa. The U. S. Navy Reserve Band's appearance here is one of a series of benefit concerts being given in the larger cities of Ohio, Western Pennsylvania, Kentucky and West Virginia.

The object of the tour is to raise a fund to be divided pro rata among

the band boys so, when they are mustered out of service along about February 15th and go back to civil life, they'll have some funds to help them take on where they left off at the time of their enlistment. Most of the boys were college students prior to their enlistment, and most of them plan to return to their

GOLD STAR W. S. S. CLUB

Purchase of \$1,000 in Stamps Entitles Individual to Membership.

Columbus, O.—(Special).—A large proportion of the 1918 purchasers of \$1,000 in War Savings Stamps are expected to invest in a like amount of the 1919 series. There were more than 20,000 "limit" buyers in Ohio last year.

There is to be organized the Gold Star Limit Club, membership to which will be given those who duplicate this year the purchase made in 1918 of \$1,000 in War Savings Stamps. Because War Savings Stamps have become so popular with the so-called "large" investor, it is expected the number of "limit" buyers this year will exceed that of last.

Membership in the Gold Star Limit Club will be indicated by a gold star on a small silk flag, which may be attached to the \$1,000 certificate given in 1918. The new insignia will carry appropriate lettering.

During January, \$1,000 of the 1919 issue of War Savings Stamps can be purchased for \$824. These will mature Jan. 1, 1924, at which time the government will pay the holder \$1,000.

NURSES PRODUCE WILD WEST PICTURE SHOW

Entertain Roumanian Countess at American Show in France.

Picture shows are being put on in France without cameras, scenery or any of the necessary properties, according to reports reaching the National X. W. C. A. from a Y. W. C. A. nurses' hut in a Base Hospital.

Having no film or camera, the nurses at Base decided to put on a living picture show and invited a group of nurses from a nearby hospital to be the audience. It was a real thriller, one of the wild and woolly west variety, with bucking bronchos and wild rides on broom and mop horses.

Imagination supplied the scenery, with the exception of placards, which announced "the sun" when it was supposed to be shining or "cacti" when the cow punchers rode across the desert.

Countess Tacaresca of Roumania, who had been talking to the nurses on conditions in the German courts at the time she was lady-in-waiting to the Queen of Roumania, was the most appreciative of all the guests.

MORROW HOLDS W. S. S. LEAD

County Absorbs More Than \$43 Per Capita of Nation's "Baby Bonds."

Mt. Gilead, O.—(Special).—To the end of the 1918 War Savings campaign Morrow county maintained its record as the leading War Savings county in the nation. Its achievement is believed unapproachable by any community of equal or greater population.

Total War Savings Stamp sales in this county for the year were \$725,070, for a per capita distribution of \$43.15, or more than twice the apportionment of \$20 made by the Treasury Department.

Y. W. C. A. CAFETERIA IN PORTO RICO

Porto Rico has a cafeteria. It is the first one established on the island, and when it was opened in the Y. W. C. A. Hostess House at Camp Las Casas the natives crowded around, much amused at the innovation. They insisted upon having American dishes. The house became very well known in a short time, and a group of women from San Juan volunteered to go out every week to mend socks and sew on buttons for the soldiers.

JAZZ QUARTET WILL FEATURE CONCERT

Jazz exponents extraordinary is the way vaudeville would describe the four saxophone players comprising the famous saxophone quartet of the United States Navy Reserve band, which will give a popular concert in the high school auditorium, Tuesday evening.

What the noted Brown Brothers' saxophone sextet is to vaudeville and musical comedy, these four sailors, masters all of jazz, are to the navy. They produce a brand of syncopation that would tickle the toes of even a wooden Indian. The central west is pretty well represented in the makeup of the quartet, its members being Seamen W. J. Russo, of Chicago; D. A. Pool, of Redfield, S. D.; J. G. Krull, of Defiance, O., and H. A. McDonald, of Meridian, Ia.

McDonald, by the way, is the drum major of the band—the "drum major with the comex back" the "peacock of the navy." Almost as inspiring as the music of the band itself, is the sight of McDonald.

The United States Naval Reserve band's appearance here is one of a series of benefit concerts being given in the larger cities of Ohio, western Pennsylvania, Kentucky and West Virginia. The object of the tour is to raise a fund to be divided pro rata among the boys.

GRANVILLE

(Special to the Advocate.)
Granville, Jan. 20.—The interesting letter from Oberlin, published in Friday's Advocate and addressed to the O. D. A. girls of Newark, was written by a Granville Denison girl, Miss Mary McKibben, daughter of Dr. George F. McKibben, for many years head of the department of French and Romance languages in Denison university. A year ago last June Dr. McKibben on his own initiative, retired in order to enlist in army work, and was engaged in teaching French to the soldiers when peace was declared. Mrs. Mary McKibben is an alumnus of Denison and a member of Chi Psi Delta sorority to whose service flag she contributes one of its choicest stars.

Prof. and Mrs. Theodore Johnson spent the week end in Mt. Vernon as the guests of friends.

Several Granville people are attending the conference of the moderators and clerks of Ohio Baptist associations this afternoon in the First

Baptist church of Newark. Following the supper, served by the ladies of the church, the evening session will be held, to which the church and congregation will be welcome, to hear several interesting talks. At 9 o'clock Tuesday morning will be held the quarterly meeting of the board of managers of the Ohio Baptist convention, also an open session.

Thursday evening the Y. W. C. A. of Sheppardson college will present "The Trials" in the opera house at 8:15, with the following cast: "Sir Anthony Absolute," Prof. Johnston, "Captain Jack Absolute," Dorothy Leslie, "Paulkland," Clara Olney, "Sir Lucius O'Drigger," Elva Morris, "Bob Acres," Edith Stewart, "Peg," Grace Moody, "David," Mitigos Hernandez, "Ray," Ava Ballou, "Mrs. Mollanop," Laura Price, "Lydia Loughish," Josephine Darrow, "Julia Melvina," Elsie Taylor, "Lucy," Blanche Taylor. Understudies for the Misses Taylor are Ethel Bogardus and Violet Angus, respectively.

The King's Daughters will meet tonight in their rooms.

The Red Cross is working on a campaign of women's jackets for Belgian relief.

The A. F. F. W. will work all day Tuesday as usual, at headquarters.

On Friday evening of this week, Denison will play Wooster in Cleveland hall.

Homor Wickenden, '12, Beta Theta Pi, recently discharged from army service, and now engaged in Red Cross work, was a Granville visitor Saturday and Sunday, a guest of Prof. and Mrs. K. H. Eschman and his Beta brothers.

The C. L. Herick Geological society will meet for the first time this year in Geology Lecture room on Tuesday (tomorrow) evening at 7:15. Dr. Mohl will give the address of the evening, taking as his topic: "The Geologist and Oil Industry," especially interesting just now, in view of the fact that a large number of Denison graduates from the Geology department of this institution are engaged in commercial work along this line.

The basketball game in Cleveland Hall Saturday, evening in which Denison was pitted against Ohio University, was the snuggest of the season, showing a close score of 19-16 in favor of the home team, and revealing John Botkin, sophomore, of Springfield, as star of the evening, with 10 of the 19 points to his credit.

Sigma Chi fraternity entertained at a dinner of twenty covers.

The violin recital by Miss Gavie Smith of the Conservatory faculty,

mentioned in the Denisonian for Wednesday evening, is postponed on account of a conflict of dates. There will be no recital this week.

Crug Seasholes, pledged to Phi Gamma Delta, the fraternity to which his father, Dr. Charles L. Seasholes, '92, belonged.

The managers of the Granville Opera House are ready with new Paramount booking including such favorites of the screen as Elsie Ferguson, Marguerite Clark, Vivian Martin, Pauline Frederick, Wm. S. Hart, Wallace Reid, Charles Ray, and others Monday evening William S. Hart in "Selfish Yates," Wednesday, Edith Story and Antonio Moreno in "Money Magic," a Vitagraph picture.

Jack of All Trades.

Edinburgh once enjoyed the distinction of possessing the most prolific signboard on record: "John Main, Stationer. Bibles, Testaments, Psalms, Hymns, Prayer Books, Catechisms, Proverbs, Books, new and old, in various branches of literature. Money or exchange for old books; Papers, Pens, and Ink; Wax and Waters; Black-boards; Hair and Hair Pencils; Coloured Books, Memorandum Books, Religious Tracts. Books neatly bound, on moderate terms."

Relic of Long-Past Age.

While cutting peat in the Leithen headwater area, the shepherds unearthed a horn, which may have belonged to Bos primigenius or Bos longifrons, the wild oxen that roamed over Britain from the glacial age to near historic times. It was found at a depth of four feet from the surface, and the shepherds also averred that there was a small patch of brown hair attached, which is quite probable, as the peat would act as a preservative. —London Mail.

Doing Well.

Pat was digging at his field, which turned out a very rough piece of land. A policeman, looking over the gate, inquired whether he would get any potatoes off it this season. "Well," replied Pat, rather cheerfully, "I have 50 stones out up to the present."

Wise—"Old Gotrox has a mighty strong will." Wage—"Oh, his heirs will break it, all right."

EXPLODING MOLASSES SPREADS DEATH AND DESTRUCTION

Wreckage caused by explosion of molasses tank at Boston manufacturing plant. In background at left are war ships from which sailors responded to call for help in rescuing injured.

Fifteen persons were killed and scores seriously injured when a huge tank capable of holding 1,000,000 gallons of molasses exploded at the plant of the Puritan Distilling Company in the Boston

North End recently. Except for a low rumbling, and no warning was given, the walls of the building collapsed as though of paper, entrapping the victims within. Aid was called from the

local hospitals and doctors from adjoining towns were summoned. Fragments of the wreckage littered the streets and waterfront, while the adjacent avenues were veritable rivulets of the liquid.

NEWARK THEATRES FIGHT TICKET TAX

Ask Patrons to Join In Protest Against Doubling of Tax on Amusements.

Manager Geo. M. Fenberg of the Auditorium, as well as other theater owners and managers in the United States, are up in arms regarding the proposed 20 per cent tax on theater tickets. Fenberg holds that this increase in the tax means the ruin of the amusement industry and with other managers is going to call upon the general public to send protests to congressmen, senators, and those in power in Washington.

Fenberg received a letter from William A. Brady of New York, stating that the theatrical managers of New York were going to hold a protest meeting and will send a cable message to President Wilson begging his intervention to secure what the managers assert is simple justice. The plea, Brady says, will be put on the ground that the whole theatrical industry did its utmost toward furthering victory, and that it would be black ingratitude for the government to turn around and tax it out of business.

Fenberg was also requested to get the managers of Newark together and send a signed telegram to the conference committee, urging that the theatrical interests should have a hearing before the 20 per cent tax is allowed.

"I have much apprehension for the future of the theater business," Fenberg said, "but theatrical interests will fight. Mr. Brady said, if necessary, the theater and moving picture industry will get into politics with a punch and will fight for their lives. I believe after I get out some advertising matter that is to be distributed, the public will be as deeply interested and as seriously threatened as the theater managers."

Fenberg will try to have mass meetings, or rather, he will have ships for patrons to sign, filing their protests, etc.

"In my opinion," Fenberg said, "this tax if it becomes a law, makes the absolute ruin of 80 per cent of the amusement business of the whole country. When the 10 per cent tax was made thousands went out of business. A few of the big cities—New York, Chicago, Philadelphia and Boston—can stand it, at least as far as the very big successful successes are concerned, but I am absolutely convinced that in the vast majority of cases it will be impossible to carry the burden."

"Now look over the list and you will see with the exception of some islands and the theaters, the amusements are the only so-called luxury on which the tax has been increased, and, of course, absolutely the only one on which the tax has been doubled."

"Newark theater-goers know that the entire United States have rallied to theaters in Newark as well as in the war and have done everything they could to help without any sort of profiting."

"Then again, perhaps, you do not know that reports show that during the 12 months of 10 per cent tax the theaters and moving picture industry poured into the treasury of the United States \$50,000,000. It is the third contributor in the list of industries. As an economic measure that bill is going to defeat its own end. You will see the government's revenue from the theater cut down to one-half or less."

"Then again, I want to emphasize that without helping itself the government is going to make thousands of innocent people suffer. For, as you know, this tax means that thousands of actors and all sorts of persons connected with the theater are going to be thrown out of work just at the time when the entire nation is suffering with all its resources to avoid unemployment."

"From what I have heard the past week from theatrical friends, I do not think the theatrical people have been treated right. Other lines of business have had extended hearings before the theatrical men have been allowed to talk 15 to 20 minutes before the senate committee, and even then were constantly interrupted. As I understand it also the chairman of both the house and senate committees come from North Carolina. They are out of touch with the industry, cannot realize its magnitude, and really do not think some of the other members are well-informed on the industry."

"Now, the Newark managers have a special advertisement in today's paper, with a coupon attached, which we would like you to have every theater patron clip and either mail direct to Washington, or bring it to either of the box offices of the five theaters."

Willie's Paper—"It seems to me you have mighty high ideas for a small boy." Willie—"Sure, I'd be a high flier if I only had a kite."

The commandant in chief in the name of the President has awarded the distinguished service cross to 41 officers and soldiers for acts of extraordinary heroism. The following Ohio men were cited as follows:

Corp. John M. Crocker, Headquarters company, 322d Field Artillery, (A. S. No. 1916336) For extraordinary heroism in action near Verdun, France, October 16 and 17, 1918. Maintaining a telephone line between infantry and artillery barrage. Corp. Crocker's courage made possible the launching of artillery fire, which stopped enemy counterattacks. During the action, he repaired a broken line, his hand being so badly cut that he was obliged to use enemy wire for repairing. Because of the intensity of the fire, Corp. Crocker sent his men to a place of safety, remaining alone at the hazardous post. Home address, Mrs. Irene Crocker, mother, 1 North street, Hamilton, O.

Corp. Elmer J. Morrison, Headquarters company, 322d Field Artillery, (A. S. No. 1916336) For extraordinary heroism in action near Bois de la Grande Montagne, France, October 16, 1918. When the telephone communications had been cut off Corp. Morrison made four trips as a runner through enemy artillery barrage and machine gun fire, maintaining liaison between artillery and infantry. Home address, Mrs. Kathryn M. Morrison, wife, 2229 Franklin avenue, Toledo, O.

Second Lieutenant John Morrison, deceased, 322d Field Artillery. For extraordinary heroism in action near Bois de la Grande Montagne, France, October 15, 1918. Charged with the maintenance of a liaison between artillery and infantry, Lieut. Morrison accompanied the attacking infantry, making possible the prompt delivery of artillery fire, which repelled enemy counterattacks. His continued exposure to this hazardous duty resulted in his death. Next of kin, Hanley J. Morrison, father, 3495 Brookline avenue, Cincinnati, O.

Milady's Boudoir

The first essential to eye beauty is health. In ill health the eyes are dull and strained looking, showing deep hollows beneath them. Very often the eyelids are inflamed and to correct these defects the health must be improved. If the eyes are simply tired and burn from overexertion, they should be bathed nightly with a lotion. The most soothing eye lotion is a four per cent solution of boracic acid. Use an eye cup when bathing the eyes, opening and closing the eyelids in the solution.

If your eyes become very much inflamed from exposure, overstrain or congestion, you will find that warm tea leaves will almost instantly remedy the condition. Apply the leaves in the form of a poultice, placing them in a piece of antiseptic gauze which is rolled over tea. Tie the poultice over the eyes and allow it to remain for some time. Bathing the eyes with cold tea is also very soothing.

A solution of salt water will strengthen the eyes and make them more brilliant. Dissolve an even teaspoonful of salt in half a pint of cold water and hold the eyes using an eye cup or a piece of antiseptic cotton. When the inflammation of the eyes is caused from exposure, apply hot water to the eyelids to draw out the redness. To do this properly the cloth should be wet and held over the eye, changing it as soon as the heat subsides. Ten minutes of this will soothe the whole eye and draw out the blood vessels. The eye will be left with the rest of the face.

When bathing your face be careful not to rub too hard with the towel. This is often the cause of redness and irritation. Rub gently with the palm of your hand. The face will be left with the rest of the face.
